

SEA GLOBAL

SOUTHEAST ASIA TRADING EST.

INDUSTRIAL EQUIPMENT MACHINERY & ENGINEERED SOLUTIONS

Industrial Equipment | Heavy Machinery | Piping | Materials | Automation | Global Sourcing

GLOBAL SOURCING. TECHNICAL ALIGNMENT. COMMERCIAL ADVANTAGE.

We work as your procurement partner to identify capable manufacturers, compare technically compliant offers and source high-quality industrial products at unbeatable prices.

COMPANY PROFILE 2026

WHO WE ARE

Built for Industrial Requirements

A diversified industrial sourcing and equipment-supply partner.

Southeast Asia Trading Est. serves industrial customers with a broad supply platform covering machinery, equipment, piping, material handling, inspection, power, automation and industrial materials.

We support project, maintenance, workshop and plant requirements by coordinating with qualified manufacturers and OEMs worldwide. Our approach combines technical review, commercial coordination, documentation follow-up and after-sales support to help customers secure the correct solution for their application.

YOUR PROCUREMENT PARTNER

We work as your procurement partner - identifying capable manufacturers, comparing technically compliant offers, negotiating commercially and sourcing high-quality industrial products at unbeatable prices.

Our objective is to reduce procurement effort while improving supplier access, price competitiveness, technical conformity and execution reliability.

01

SOURCING

Qualified OEMs and manufacturers across major industrial supply markets.

02

TECHNICAL REVIEW

Product selection aligned with datasheets, standards, application and site conditions.

03

EXECUTION SUPPORT

Commercial follow-up, documentation, delivery, commissioning and after-sales.

GLOBAL PRESENCE

Worldwide Sourcing. Strong Asian Network.

A broad international sourcing platform with especially strong reach across Asia.

STRONG GLOBAL SOURCING NETWORK

SEA Global maintains a wide sourcing network across major manufacturing markets worldwide, with particularly strong supplier access across Asia. This enables us to compare capable manufacturers, improve price competitiveness, shorten sourcing cycles and support a wide range of industrial requirements.

- **CHINA** Machinery, steel, piping, electrical & industrial systems
- **KOREA & JAPAN** Specialized machinery, automation & engineered equipment
- **VIETNAM & SOUTHEAST ASIA** Raw materials, fabricated products and competitive sourcing
- **EUROPE & OTHER MARKETS** OEMs, testing, workshop and process equipment

OUR OFFICE IN VIETNAM

Our Vietnam office strengthens local sourcing, supplier communication, production follow-up, documentation coordination and connectivity between our Saudi operation and the Southeast Asian supply base.

VIETNAM BRANCH

Lot A-01, Song Hau Industrial Park, Dong Phu Commune, Chau Thanh District, Hau Giang Province, Socialist Republic of Vietnam.

REGIONAL VALUE

Closer manufacturer access | Supplier follow-up | Documentation support | Inspection coordination | Better commercial visibility

CORE PRODUCTS

Piping, Flow Control & Industrial Materials

Established supply strengths supporting project and repeat-volume industrial requirements.

PIPES, PIPING & FLOW CONTROL

A core SEA Global supply strength for oil & gas, utilities, construction and industrial maintenance.

- Seamless & welded carbon steel pipes
- ERW / HFW / LSAW / SSAW pipes
- Stainless, alloy & duplex pipes
- Copper-nickel tubes & piping
- Butt-weld, forged, threaded & grooved fittings
- Industrial valves, flanges & gaskets
- Ductile iron pipes & fittings
- Pipe supports, clamps & hangers

STEEL, WIRE & CONSTRUCTION MATERIALS

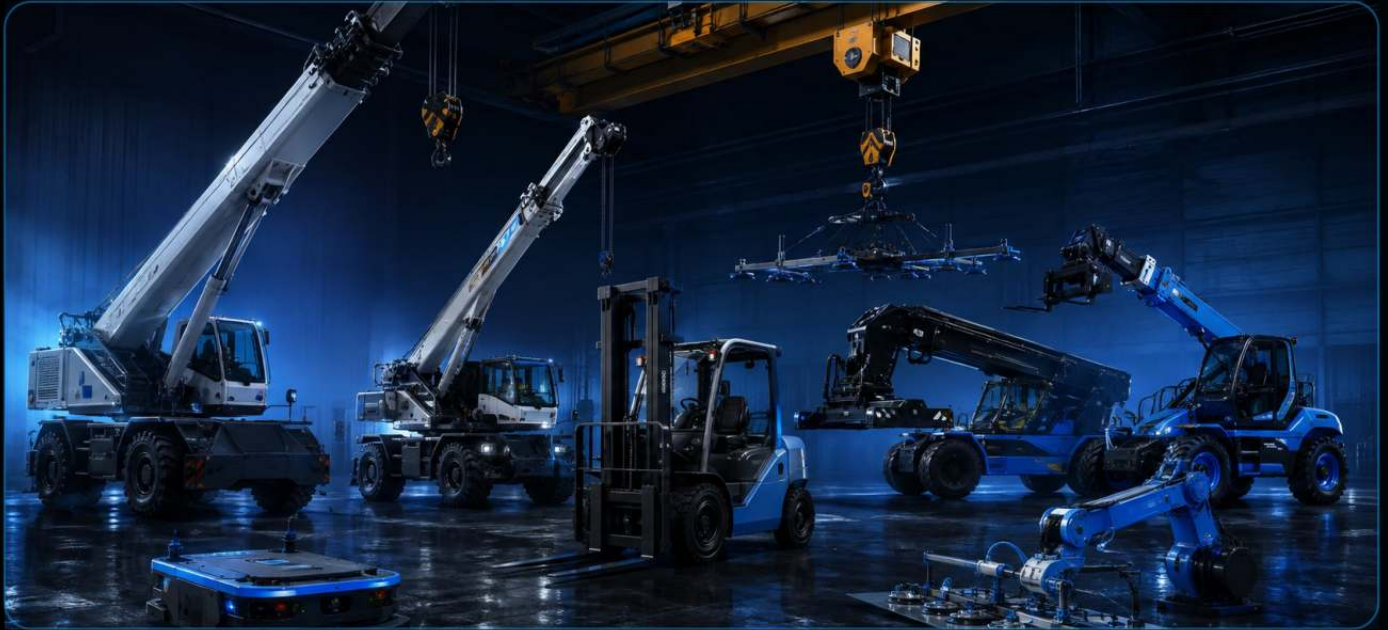

Bulk industrial materials for repeat-volume supply, construction accessories and general industrial consumption.

- Wire rod in multiple carbon grades
- Electro-galvanized & galvanized tie wire
- Steel wire, mesh & reinforcement products
- PET & steel strapping
- Construction mesh & plaster accessories
- Structural & industrial steel products
- Mill certificates & grade documentation
- Repeat-volume sourcing from international mills

MATERIAL HANDLING

Material Handling & Lifting Equipment

Representative product families, applications and supply scope.

CATEGORY OVERVIEW

Solutions for lifting, transferring and positioning heavy, delicate or irregular components in workshops, warehouses, yards and industrial plants.

SUPPLY SCOPE

- Rough Terrain Cranes
- Mobile Cranes
- Industrial Cranes
- Overhead Cranes & Hoists
- Forklifts
- Heavy-Duty Forklifts
- Reach Stackers
- Telehandlers
- Industrial Manipulators
- Rail-Mounted / Overhead Manipulators
- Mobile Lifting Trolleys
- Vacuum Lifters & Handling Systems
- Automated Guided Vehicles (AGVs)

MACHINE TOOLS

Heavy Machine Tools

Representative product families, applications and supply scope.

CATEGORY OVERVIEW

Heavy-duty machining solutions for repair, overhaul, production and precision workshop applications across rotating equipment, cylinders and mechanical parts.

SUPPLY SCOPE

- CNC Honing Machines
- Vertical Honing Machines
- Horizontal Honing Machines
- Crankshaft Grinding Machines
- Cylindrical Grinding Machines
- Internal & External Grinding Machines
- CNC Grinding Machines
- Slotting Machines
- Keyway Slotting Machines
- Radial Drilling Machines
- Heavy-Duty Lathes
- Milling & Machining Centers

INDUSTRIAL EQUIPMENT

Welding, Metalworking & Cleaning

Two essential equipment families for maintenance, fabrication and workshop operations.

WELDING & METALWORKING MACHINERY

Industrial welding and metalworking systems for fabrication, maintenance, repair and production environments.

- Industrial Welding Machines
- MIG/MAG Welding Systems
- TIG Welding Systems
- Multi-Process Welding Systems
- Welding Positioners & Rotators
- Welding Manipulators
- Cutting & Fabrication Machinery

INDUSTRIAL CLEANING & SURFACE TREATMENT

Equipment for cleaning, degreasing, surface preparation and maintenance operations in workshops and plants.

- Industrial Parts Washers
- Walk-In Washers
- High-Pressure Washing Systems
- Burn-Off Ovens
- Industrial Cleaning Machines
- Ride-On Sweepers
- Industrial Scrubber-Dryers

PROCESS & TESTING

Pumps, Pressure, Inspection & NDT

Equipment supporting utility, maintenance, integrity and quality-control requirements.

PUMPS & PRESSURE EQUIPMENT

Pumping and pressure systems for utilities, testing, process support, maintenance and high-pressure applications.

- High-Pressure Pumps
- Hydrostatic Test Pumps
- Booster Pump Systems
- Multistage Centrifugal Pumps
- Industrial Pumping Systems
- Pressure Testing Equipment

INSPECTION & TESTING EQUIPMENT

Inspection, NDT and testing equipment used to verify quality, integrity, leakage, pressure performance and dimensional conformity.

- Magnetic Particle Inspection (MPI) Equipment
- MPI Yokes & Power Packs
- Leak Testing Machines
- Pressure Testing Systems
- Non-Destructive Testing (NDT) Equipment
- Industrial Testing & Measuring Systems

HEAVY EQUIPMENT

Thermal Systems & Construction Equipment

Industrial heating solutions and heavy equipment for demanding site requirements.

INDUSTRIAL OVENS & THERMAL EQUIPMENT

Thermal processing equipment for drying, curing, burn-off, heat treatment and controlled industrial heating.

- Walk-In Industrial Ovens
- Burn-Off Ovens
- Drying & Curing Ovens
- Heat Treatment Ovens
- Industrial Furnaces
- Custom Thermal Processing Systems

CONSTRUCTION & HEAVY INDUSTRIAL EQUIPMENT

Heavy equipment for construction, earthmoving, infrastructure, industrial yards and project-site support.

- Earthmoving Equipment
- Excavators
- Wheel Loaders
- Bulldozers
- Motor Graders
- Backhoe Loaders
- Compactors & Rollers
- Skid-Steer Loaders

UTILITIES & AUTOMATION

Power, Utility & Specialized Machinery

Electrical infrastructure and automation solutions supporting modern industrial operations.

POWER & UTILITY EQUIPMENT

Power generation, transformation and distribution equipment for industrial, utility and facility applications.

- Diesel Generator Sets
- Industrial Generators
- Transformers
- Power Distribution Equipment
- Industrial Electrical Systems

AUTOMATION & SPECIALIZED MACHINERY

Automation and special-purpose machinery for smart handling, production flow, assembly support and integrated manufacturing.

- Automated Guided Vehicles (AGVs)
- Robotic Material Handling Systems
- Industrial Automation Systems
- Custom-Built Special Purpose Machines
- Automated Production & Assembly Equipment
- Industrial 3D Printing Systems
- Integrated Manufacturing Systems

SUPPORT & QUALITY

From Requirement to Reliable Supply

Practical technical and commercial coordination throughout the procurement lifecycle.

TECHNICAL & LIFECYCLE SUPPORT

- Requirement & application review
- OEM and manufacturer identification
- Technical compliance & clarification support
- Commercial coordination & negotiation
- Inspection / FAT / PIM coordination
- Logistics and documentation follow-up
- Installation & commissioning support
- Training, spares & after-sales support

QUALITY COMMITMENT

- Supply aligned with approved specifications
- Structured document and certificate control
- Preference for established capable manufacturers
- Inspection support and traceability where applicable
- Transparent technical and commercial communication
- Continuous improvement in supplier and execution performance

WHY CUSTOMERS USE SEA GLOBAL AS A PROCUREMENT PARTNER

Our value lies in combining technical understanding, global manufacturer access, strong Asian sourcing capability and commercial negotiation to secure high-quality industrial products at highly competitive prices.

- Wider supplier access
- Faster sourcing cycles
- Better price benchmarking
- Technical compliance review
- Single-point coordination
- Reduced procurement workload

MARKET EXPERIENCE

Industries & Selected References

Serving industrial and infrastructure requirements across multiple sectors.

INDUSTRIES WE SERVE

- Oil & Gas
- Petrochemical
- Power Generation
- Marine & Shipbuilding
- Construction
- Manufacturing
- Infrastructure
- Mining & Metals
- Water & Utilities

SELECTED REFERENCE PROJECTS

ASALA UNIVERSITY

HVAC, fire sprinkler system & pipe supports

IMAM ABDULRAHMAN BIN FAISAL UNIVERSITY

Pipe support systems

AL MUNJEM COLDSTORES

Fire-fighting pipes and fittings

DAR AL TAQWA HOTEL

Fire-fighting system

OUR SOURCING ADVANTAGE

SEA Global combines local market understanding in Saudi Arabia with a strong international sourcing network spanning Asia and other major manufacturing regions. Our Vietnam office further strengthens regional supplier access and follow-up.

This sourcing reach allows us to support both specialized OEM equipment and repeat-volume industrial materials through one coordinated procurement channel.

SEA GLOBAL
